

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

INTRODUCTION

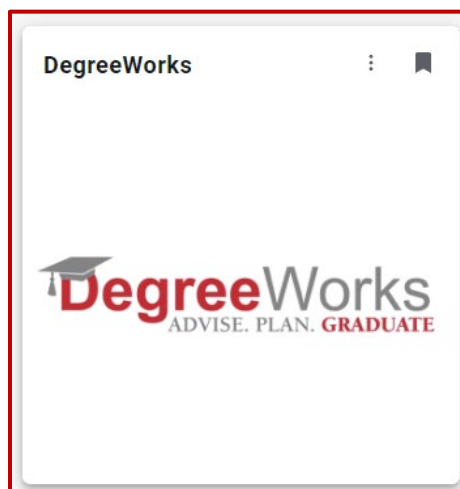

Degree Works is an academic planning and degree audit tool. It helps students and advisors effectively navigate curriculum requirements, as well as monitor progress towards degree completion by providing: all course requirements for a degree program in a particular catalog, satisfied requirements in an easy-to-read, understandable degree checklist, requirements still needed to complete a particular program/degree, major, minor, and/or concentration, and a full review of all transfer, previous, current, and in-progress coursework.

TIPS & IMPORTANT INFORMATION

- Undergraduate programs (excluding RN to BSN) from the 2016-2017 catalog forward and Graduate programs from the 2017-2018 catalog forward are accessible in Degree Works.
- Audits are refreshed nightly.
- Incorrect major, minor, and/or concentration information will prevent Degree Works from displaying an audit correctly.
- The audit calculates “best fit” when fulfilling requirements. As students enroll in and complete additional coursework, classes may shift.
- FAQs and other helpful resources can be found under LINKS at the top of the audit.
- The Degree Works audit is an unofficial record.

ACCESSING DEGREE WORKS

1. Log into ULink (ulink.louisiana.edu) using your Username (ULID) and Password.
2. Scroll down and click DISCOVER MORE.
3. Add the Degree Works card to your dashboard.

Disclaimer

The above degree audit report serves as a guide for students and advisors to utilize when planning progress toward completion of the above requirements. While this degree audit serves as a valuable tool, it is not intended to serve as an official transcript or as official notification of completion of degree/certificate requirements. Students should contact their advisor, email degreeworks@louisiana.edu or refer to the [Office of Institutional Effectiveness](#) for assistance in interpreting the above degree audit report.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

STUDENT HEADER

The Student Header provides record information such as classification, degree/program, major, concentration, minor, advisor, and graduation application.

The screenshot shows the 'Worksheets' interface. At the top left, it says 'Worksheets' and 'Data refreshed 02/08/2023 10:51 AM'. Below this are three input fields: 'Student ID' (with a redacted value and a close button), 'Name' (with a redacted value and 'Michael'), and 'Degree' (with 'Bachelor of Science'). There is a link for 'Advanced search'. Below the search fields, there are several filters: 'Level Undergraduate', 'Classification Senior', 'Major Biology', 'Degree/Program BS_BIOL Biology', 'Concentration Ecology, Evolution & Marine Biol', 'College Sciences', 'Advisor' (with a redacted value), and 'Graduation Application BS_BIOL|Pending' (with a redacted value).

SEARCH FOR A STUDENT

Advisors can use the Student Header to search for students. Type the Student’s ULID into the Student ID block and hit Enter. The student’s Degree Works audit will populate.

The screenshot shows the 'Worksheets' interface with a search bar for 'Student ID'. The search bar has a magnifying glass icon and a link for 'Advanced search' below it.

ADVANCED SEARCH

Advanced Search allows Advisors to search for a student by name or to view a population of students that meets specified criteria. Use the drop-down menus to customize your search.

The screenshot shows the 'Find Students' form. It has a title 'Find Students' and a close button 'X'. There are three input fields for 'Student ID', 'First/middle name', and 'Last name'. Below these is a section for 'Curriculum' with a dropdown arrow. There are seven dropdown menus for filters: 'Degree', 'Classification', 'Catalog year', 'Major (0/125)', 'Minor (0/108)', 'College (0/14)', 'Concentration (0/186)', and 'Degree/Program (0/133)'. Each dropdown menu has a downward arrow.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

- A list of students will populate based upon the filtered criteria.
- Columns may be sorted by hovering over the column header and clicking.
- Use the checkboxes to select or deselect students for viewing then click Select.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

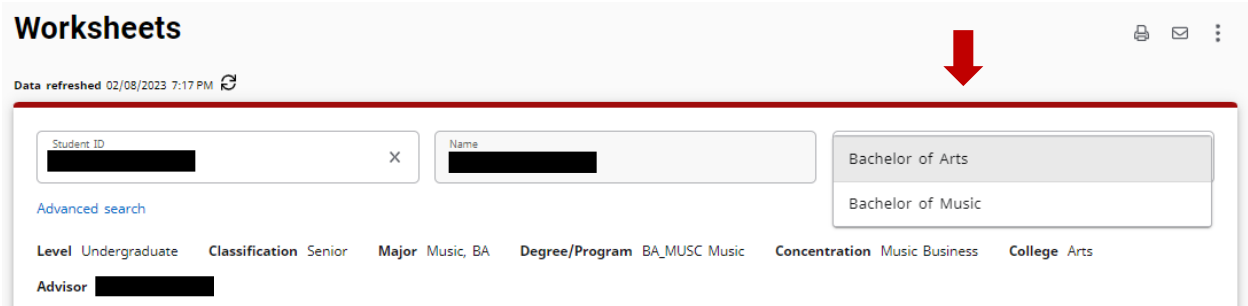

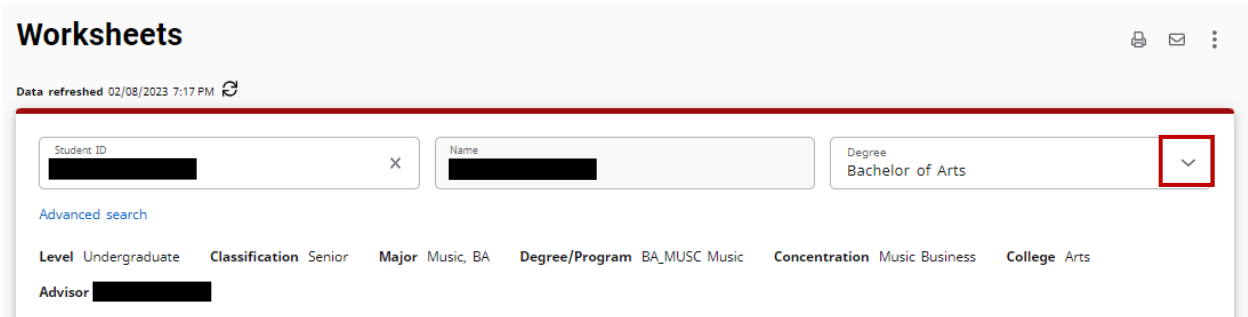

CUSTOM

The Custom expansion allows Advisors to search for students with a Graduation Application.

DEGREE SELECTION

If a student has multiple undergraduate degrees, you can view their additional requirements by selecting from the Degree drop-down.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

DEGREE PROGRESS

The Degree Progress percentage takes into consideration all College, University, and Degree requirements as well as Course requirements. The percentage will not equal 100% until all coursework is completed and degree requirements met. The Overall GPA shown includes all credits completed (including UL Lafayette credit and external credit).

The screenshot shows a dashboard with a 'Format' dropdown menu set to 'Student View'. In the center, there is a 'Degree progress' section with a circular progress indicator at 97% and an 'Overall GPA' of 2.563. To the right, there are two checked checkboxes for 'In-progress courses' and 'Preregistered courses', and a 'PROCESS' button. The word 'Requirements' is visible below the progress indicator.

FORMAT

The default format is the Student View. You may change the format by selecting from the drop-down menu.

- Student View: Displays a detailed view of all degree requirements.
- Graduation Checklist: Lists all completed, in progress, and outstanding course requirements.
- Registration Checklist: Lists any outstanding course requirements.

UNDERSTANDING THE AUDIT

The Degree Works audit is organized into multiple sections called blocks. At the top of each block are counts specific to that section, such as Credits Required, Credits Applied, Catalog Year, and GPA. Blocks can collapse and expand individually or all together by using the arrow at the top right corner of each block or the collapse/expand all arrow above the Degree Block.

The screenshot shows the top of an audit page with the date '01/24/2023 9:30 PM' and links for 'Diagnostics', 'Student data', 'Save audit', and 'Delete audit'. A 'Collapse all' button is in the top right. Below is a block for 'Bachelor of Arts' with an 'INCOMPLETE' status and an expand/collapse arrow. The block contains the following data: Credits required: 120, Credits applied: 183, Catalog year: 2020-2021, GPA: 3.538.

COMPLETED REQUIREMENTS

Indicated with a green check mark, these requirements have been completed.

<input checked="" type="checkbox"/> Skills and Tools Elective	ENVS 484	Watershed Science	B	3	Fall 2021
---	----------	-------------------	---	---	-----------

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

INCOMPLETE REQUIREMENTS

Indicated with a red, empty circle, these requirements have not been completed.

General Chemistry I **Still needed:** 3 Credits in [CHEM 107](#)

IN-PROGRESS REQUIREMENTS

Indicated with a blue, half-filled circle, these requirements are in-progress.

Systematics Elective BIOL 461 Aquatic Plants IP (4) Fall 2022

DEGREE BLOCK

The Degree Block summarizes the main components required to complete a degree. In addition, any unmet conditions will appear in this block such as minimum overall GPA, minimum overall and upper-level hours, and hours in residency.

Bachelor of Science INCOMPLETE

Credits required: 120 Credits applied: 125 Catalog year: 2018-2019 GPA: 2.563

Unmet conditions for this set of requirements: All students are required to complete at least 45 semester hours in advanced level courses. You have not earned 45 credits of 300-400 level course work.
You have earned 0 credits from a two-year institution. Please note you cannot apply more than 60 credits from a two-year institution towards your degree.

- You meet the minimum 2.0 overall cumulative GPA requirement.
- Major Requirements **Still needed:** See [Biology](#), [Ecology](#), [Evolution & Marine](#) section
- General Education Requirements

MAJOR BLOCK

The Major Block lists the course requirements necessary to complete the Major (and Concentration, if applicable).

Biology, Ecology, Evolution & Marine INCOMPLETE

Catalog year: 2018-2019 GPA: 2.769

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

ADVANCED LEVEL COURSES BLOCK

The Advanced Level Courses Block lists the 300/400-level coursework counting towards the 45-hour upper-level requirement and displays how many credits are still needed.

Advanced Level Courses		INCOMPLETE					^
Credits required: 45		Credits applied: 12		Catalog year: 2024-2025		GPA: 2.000	
Unmet conditions for this set of requirements:		33 Credits needed					
	Course	Title	Grade	Credits	Term	Repeated	
○	Advanced Level Courses	CJUS 401	Human Exploitation	IP	(3)	Fall 2024	
		KNES 360	Theory of Athletic Coaching	IP	(3)	Fall 2024	
		MGMT 335	Fin Planning for Entrepr	IP	(3)	Fall 2024	

FALLTHROUGH

Fallthrough courses can be used towards the degree, but do not naturally fit in the audit. The grades and credit hours from these courses are factored into the Overall GPA and total credit hours earned.

INSUFFICIENT

Insufficient coursework did not meet the minimum grade requirement and includes all F, W, and I grades. Repeated coursework also appears under Insufficient. The In-Progress attempt will not apply towards the degree until the minimum grade requirement is met.

IN-PROGRESS / PRE-REGISTERED

In-Progress lists courses you are currently registered for, while Pre-Registered includes future registration.

OVER THE LIMIT

Over the Limit includes any courses that exceed the allowable number of credit hours (for example: max 3 credits in ECON 201 and 300). This section also includes transfer courses that have not been evaluated, coursework over ten (10) years old, and courses exceeding any other maximum credit rules listed in the Academic Catalog.

EXCEPTIONS

Exceptions summarizes any exceptions or substitutions placed on the audit.

NOTES

Notes includes any Pre-Graduation Checkout information entered by the dean's office.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

LEGEND & DISCLAIMER

A legend, explaining the different icons found throughout the audit, as well as the disclaimer message are included at the bottom of the audit.

GPA CALCULATOR

The GPA Calculator is intended for informational and degree planning purposes only. All calculations are unofficial estimates. From the ellipsis icon, select GPA Calculator. The GPA Calculator window will appear with three types of calculations: Graduation, Term, and Advice. Descriptions for each calculator are summarized below.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

GPA Calculator (Unofficial)

Graduation Calculator | Term Calculator | Advice Calculator

This calculator gives the student a general view of the average GPA they will need to earn over their final "X" number of credits to achieve the desired GPA that is entered. Enter your desired GPA at graduation to see the grades you need to earn to achieve that goal.

Current GPA *
2.563

Credits remaining *
0

Credits required *
120

Desired GPA *

CALCULATE

- **Graduation Calculator:** Used to estimate the average GPA necessary to maintain in the remaining semesters to graduate with a desired GPA. The current GPA is automatically entered.
- **Term Calculator:** Used to estimate a GPA based on anticipated grades for in-progress courses. The calculator will auto-populate the current coursework and credit hours, but this information can be edited.
- **Advice Calculator:** Used to show how many credits must be earned with a certain GPA to achieve a desired GPA.

COURSE HISTORY

The Course History shows a semester-by-semester summary of the coursework taken and grades earned. Term and Cumulative totals are also included in this information. This is an unofficial transcript. From the ellipsis icon, select Course History.

Course History - UNOFFICIAL transcript

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

WHAT-IF

The Future Classes tool and What-If analysis are combined in the Responsive Dashboard. Select the What-If button above Format and Degree Progress to use these features.

The screenshot shows the top navigation bar with tabs for Academic, What-If (highlighted with a red box), Financial Aid, and Athletic Eligibility. To the right is a 'View historic audit' dropdown menu. Below the navigation bar, there is a 'Format Student View' dropdown menu. The 'Degree progress' section displays a circular progress indicator at 95% and an Overall GPA of 3.131. To the right of the GPA are two checked checkboxes for 'In-progress courses' and 'Preregistered courses', and a 'PROCESS' button.

WHAT-IF ANALYSIS

The What-If Analysis allows students and advisors to process a hypothetical audit. The analysis applies completed and in-progress coursework to different majors, concentrations, and/or minors to see how degree progress is affected.

1. The default catalog is the current catalog but can be changed.
2. Always pick Program first, as the remaining drop-down menus will auto-populate based upon program and catalog.
3. Additional Areas of Study is an expanding option, allowing for a second program to be added.

The 'What-If Analysis' form is shown with a red border. At the top, there are three checkboxes: 'Use current curriculum' (unchecked), 'In-progress classes' (checked), and 'Preregistered classes' (checked). The 'Program' section contains three dropdown menus: 'Catalog year *' (Current Catalog), 'Program *' (BM_MUS Music), and 'Level *' (Undergraduate). Below this is a 'Degree *' dropdown menu (Bachelor of Music). The 'Areas of study' section contains three dropdown menus: 'Major *' (Music, BM**), 'Concentration', and 'Minor'. The 'Additional areas of study' section is expanded, showing a sub-form with dropdown menus for 'Program *', 'Degree', 'Major', 'Concentration', and 'Minor'. A red box highlights an upward-pointing arrow icon in the top right corner of the 'Additional areas of study' section. At the bottom right of the form are 'CANCEL' and 'ADD' buttons.

DEGREE WORKS NAVIGATION GUIDE FOR ADVISORS

FUTURE CLASSES

The Future Classes tool allows courses to be applied as planned to the audit to see if a course meets a degree requirement.

1. Select Use Current Curriculum checkbox.
2. Enter the Subject and Number of a course, adding as many courses as desired.
3. Select Process to run a new audit. The course(s) will subsequently appear in the audit as PLAN.

What-If Analysis

Use current curriculum In-progress classes Preregistered classes
